WHISPER QUIET
DIAPHRAGM TECHNOLOGY

DEDICATED TO ABOVE GROUND POOLS

Made specifically for above ground or modular pools the Zodiac Zoom is a great all round performer. Its lightweight design is made specifically for the smaller pump types often found on these pools allowing it to easily navigate around steps and the floor of your pool.

FEATURE PACKED

The extra large finned disc allows the Zodiac Zoom to glide across the vinyl surface picking up dirt and debris in its path. The hull intake ensures perfect balance and directional movement while the keel provides the exact floatation needed to keep it cleaning quickly and efficiently.

SOLID CONSTRUCTION

All materials are made from durable plastics and resins to ensure a long product life. The supplied hose is original Baracuda segmented hose designed specifically for all Zodiac cleaners. The Zodiac Zoom is backed by a hassle free 2 year warranty.

DIAPHRAGM TECHNOLOGY

With only one moving part - the diaphragm - a patented quick release cassette, servicing is quick and easy and can be done right by the pools edge.

ZODIAC, MASTERING THE ELEMENTS

Renowned worldwide for the quality and reliability of its products in the aeronautical and marine sectors, Zodiac has now brought its expertise to swimming pools, to bring you a full range of pools, automatic pool cleaners, water treatment systems, heating systems and dehumidification units for swimming pools.

Backed by Baracuda technology, expertise and experience, Zodiac brings you the reassurance of top quality equipment in terms of both design and performance. A real guarantee of efficiency and peace of mind!
